

ESM Camera Driver List

Updated: Nov. 13, 2018

Distribution: Public

The following list includes all IP camera models that have been tested and certified as working with Enterprise Surveillance Manager (ESM) 6.x.x. This list is non-exhaustive; models not present on this list may work using the driver for a similar camera. If you have any questions about this list or need more information, please submit a ticket at <http://support.ipconfigure.com>.

ONVIF PROFILE S

Beginning in version 6.6.0, ESM fully supports all newer IP cameras through its ONVIF Profile S driver. See here: <https://www.onvif.org/conformant-products/>

LEGACY DRIVERS

All cameras listed below use an ESM *Legacy Driver*. Cameras with legacy drivers are typically older models; newer cameras are supported using the ONVIF Profile S driver.
